**Summer Break is from Saturday, May 18th to Monday, August 5th.
Our first day for the 2019-2020 School Year is Tuesday, August
6th. Have a safe summer break!**

2019 Device Deployment

Remember--- Everything for device deployment is on-line this year, so be sure to go to www.maryville-schools.org/ireach and complete the paperwork and make any payments.

Digital Citizenship - Device Care 5/17/19

Here are a few words of wisdom regarding digital citizenship. This week, we are focusing on Device Care. Stickers that come on your device are important and serve a purpose. Sometimes, it's tempting to pick at these stickers and even remove them from your device. However, that can cause issues if your laptop needs repairs in the future. At Maryville City Schools, we recommend that each person: Leave all stickers that come on your device alone. If you notice one peeling up, try to get a protective case that can cover it. If you decide you want to personalize your device with additional stickers, you will need to do that on a protective case instead of your device. Keeping your device in the same condition you received it is important. Caring for your device is easy! Make the right choice.

Congratulations to our CGIS Duke TIP Award Winners

Duke University Talent Identification Program
7th Grade Talent Search

We would like to recognize the students who participated in the 2019 Duke University Talent Identification Program's 7th Grade Talent Search.

Duke TIP is a nonprofit organization dedicated to serving academically gifted and talented students. Duke TIP works with students, their families, and educators to identify, recognize, challenge, engage, and help students reach their highest potential. Now in its thirty-ninth year, the 7th Grade Talent Search identifies bright seventh graders based on standardized test scores achieved while attending elementary or middle school. Candidates are invited to take the ACT or the SAT college entrance exams as seventh graders, which allows them greater insight into their academic abilities. In addition, they gain valuable benefits and have access to unique resources for gifted students. CGIS had 74 students who qualified this year while 18 students participated.

The following students participated this year.

Jackson B., Riley G., Tyler M., Sydney M., Tosh M., Shiyu M., Livia O., Andrew S., Paisley S., Avery S., Jayden S., Abigail T., Jessie T., Julianna V., Alexander W., Anna W., Eric W., and Thorne W.

We would like to recognize those students who qualified for state recognition. These students have earned an award by scoring approximately at or above the national average of recent high school graduates on at least one part of the ACT or the SAT. These students are invited to a special recognition ceremony held at a university.

Jackson B., Sydney M., Livia O., Jayden S., and Alex W.

Congratulations to all!

Important CGIS Clinic Information

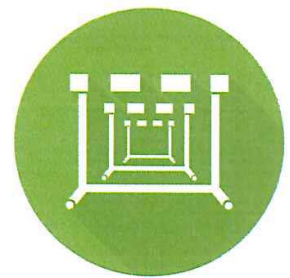

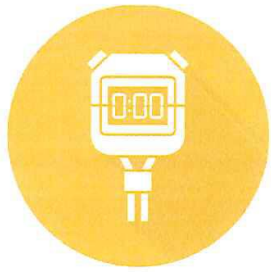

Parents please be sure to pick up any and all medicines including epi-pens and inhalers from the clinic on the last day of school. We now have stocked EMERGENCY epi-pens if they want to pick them up early. If medications are not picked up, they will be properly disposed of and your student will need to start the next school year with new medicine delivered to the CGIS clinic by the parent or legal guardian. Under NO circumstances will children be carrying prescription or OTC medications from our clinic home in a backpack - parents MUST come to pick them up. Next school year, we will not accept any medications sent in a backpack. ALL medication must be brought to the clinic by a parent in the original prescription bottle with signed healthcare provider orders. If you have any questions, please contact our nurses in the CGIS Clinic at 982-6345 ext. 61911.

IMPORTANT NOTICE FOR ALL RISING 7th GRADE STUDENTS AND FAMILIES

All students entering 7th Grade are required to have the following immunizations PRIOR to Tuesday, August 6, 2019.

- Tetanus-diphtheria-pertussis booster (T-dap)
- Verification of immunity to Varicella (chicken pox): 2 doses or history of disease with documentation.

In order for your student to start school at CGIS on Tuesday, August 6, 2019, an updated immunization record printed on the NEW OFFICIAL "Tennessee Department of Health Certificate" of immunization form must be provided to the school. ***If there is a religious exception for your student's immunizations, please stop by our school clinic to sign a "Religious Exemption" form.

Coulter Grove Supply Lists 2019-2020

Students should purchase a lock for their lockers as each student will be personally responsible for keeping up with his/her device. It is highly recommended that students purchase a CGIS lock from the school bookstore to ensure his/her combination is never lost. Students MAY bring their own lock. However, it will be cut off if the student loses the key or combination, and CGIS will not be responsible for its replacement.

Moving?

Are you moving outside the City of Maryville, and your student is transferring schools?

You will need to come by Student Services to withdraw your student. Your student will be checked out through the library, cafeteria, and classrooms. They will also return all technology equipment and any school-owned musical instrument. Please call ahead to Student Services, 982-6346, so we can get everything ready for you. This will save you time and give you the necessary paperwork for enrollment at the new school.

Are you staying in the city but moving outside Coulter Grove's zone?

You will need to come by Student Services to withdraw your student, so we can prepare for the transfer to Montgomery Ridge. As with all moves inside the city, proof of residence for your new address will need to be provided for the transfer. If you have extenuating circumstances and would prefer to remain at Coulter Grove, you will need to complete a Zone Transfer request. These are available in the Student Services Office and are subject to approval by MCS Central Office.

Are you moving, but will still be inside the city and zoned for Coulter Grove?

You will need to provide the required documents verifying your address, so updates can be made to our student database. Proof of Residence Requirements are below.

Proof of Residence Requirements:

If a custodial parent or legal guardian is renting or owns a residence inside the city limits, then proof of residence will be established by providing the following 2 documents: (1) rental or mortgage contract and (2) a current utility bill such as telephone, electric, water or cable. Each item must have your name, current date, and address.

Or, if the parent/legal guardian is residing with a resident of Maryville City, then the owner/resident of the property will be required to provide a notarized affidavit to that effect, and provide the information listed above to establish residency. This affidavit form can be obtained in the school office. *In addition*, the parent/guardian must provide at least four (4) of the following documents, each containing the parent/guardian name, address, and current date: (1) Current bank statements, (2) Employer letter verifying residence (3) Pay check, work stub or government benefits (4) Auto, life or health insurance policy (5) Driver's license (6) TN motor vehicle registration or title (7) TN voter registration (8) IRS tax reporting forms within last 12 months (9) Receipt for personal property or real property taxes paid within last 12 months.

Questions? Please call Coulter Grove Student Services at 865-982-6346.

Camp Invention® is returning to Maryville City School District!

In partnership with the National Inventors Hall of Fame® (NIHF), **Coulter Grove Intermediate School** is pleased to offer the nationally acclaimed Camp Invention® program to children entering **kindergarten through sixth grade**. It's an exciting, weeklong summer adventure with lessons that explore connections between science, technology, engineering and innovation. Children work together to create solutions to real-world problems and build critical 21st-century skills while rotating through several high-energy, hands-on modules.

The week begins on **June 3, 2019** (8:00 to 2:30 with opportunities for extended camp experiences) with **Karla West** serving as Director of the **ALL-NEW 2019 program, Supercharged!** Instructors will include our very own Coulter Grove science teachers: **Allison Weaver, Andy Howe, Erica Pearce, and Lisa Wyrick!**

Here are how young innovators will be spending their time:

- Exploring the electrifying relationship between frequency, circuitry, motors and gears through reverse-engineering and rebuilding their very own remote-controlled robot.
- Unearthing hidden fossils then building ships and innovative equipment to embark on a research expedition to uncover more exciting information about their discovery.
- Coding and programming robot, Bot-ANN-E, to take on duties and help turn a polluted wasteland into a fruitful farm and successful business.
- Collaborating with the Innovation Force®, a team of NIHF Inventors turned action-packed superheroes, to design superhero gadgets and disguises, explore the fields of engineering and fabrication and take on the sinister villain, the Plagiarizer.

Activities give participants the opportunity to explore, discover and achieve while having fun!

Register using promo code PLAY15LISTING to save \$15 (expires 5/10) OFF \$230. Every registration includes a complimentary Camp Invention t-shirt. Availability is limited, so visit www.invent.org/camp or call 800-968-4332 to secure your child's spot today!
