CGIS Schedule for August 17th to August 28th

CGIS Traditional Learners will attend school Monday through Friday on campus during the normal school times.

- We **will not** have a staggered schedule to begin the school day.
- Students cannot be dropped off at the Hilltop side of the building or in the front parking lot.
- Temperature Checks will still be administered for every student prior to entering the building.
- The word of the week is **patience**. While we are reintroducing the entire traditional learning student body back to a regular schedule, **patience** with this process will be greatly appreciated.

MCS DIGITAL LEARNERS: **NO CHANGE** - Continue to follow all attendance and academic requirements set by your teacher. Remember to follow your daily schedule and let your teacher know if you are going to be absent from class.

Wondering about RTI Services and how this works during a pandemic?

Multiple times per year, each student at Coulter Grove Intermediate School is given a universal screening assessment to determine his or her reading abilities. We also look at overall math and writing abilities as well as characteristics of dyslexia. When students demonstrate a possible need for intervention they are given follow up measures to determine the specific skill deficit. Then, students who need intervention are provided with additional intervention during their day to focus on skills related to reading, math, and writing deficits. This extra intervention is provided by Response to Intervention (RTI) teachers through general education. Parents of students who score below the cutoff on screening and progress monitoring measures will be notified by one of Coulter Grove's RTI teachers. If you have not been notified by one of Coulter Grove's RTI teachers you can assume your child was not recommended for RTI.

Per state recommendations, it is not advised to give the Universal Screener immediately so this did not occur as normal this year. We are working through this process to support all students and prepare for a reliable assessment period. Due to the pandemic, the state has suggested giving students time to participate in some form of learning recovery. It is 'normal' if your student is demonstrating some loss of academic skills from March of last school year to present day. Again, you will be notified if your child is recommended for RTI once screenings and progress monitoring measures resume.

7th Grade Immunization Reminder - All 7th Grade students must have their updated immunization form submitted to the clinic by September 8th.

This Year's Plan: Due to COVID guidelines, we are unable to have a physical event. We are also unable to have assemblies or offer prizes. However, the upstairs and downstairs house raising the most money and the house with the highest student participation will be rewarded. We are offering THREE opportunities for our Hawk families to show your support and continue the spirit of Hawk Olympics:

- 1- **Participate by sending in cash donations or opting to make an online donation.** Envelopes for cash donations will be sent home next week. ****All money will be due on August 21, 2020****
- 2- **Participate by becoming a Business Sponsor.** See information below along with discounted 2020 sponsorship rates. (We understand the unique circumstances and financial strains that this year can pose on our families and community. We appreciate the support you are able to make at this time.)
- 3- **Participate in a virtual challenge just for FUN!** Our school theme this year is "We all have magic inside us," from *Harry Potter*. The challenge is to use that magic and WOW us with your talent! Video yourself doing this talent: athletics, dance, music, or even your best magic trick. Then, either email the video to cgisptc@gmail.com, or post it to social media using the hashtag #virtualhawkolympics.

If you own or know of a business that would like to be a business sponsor, detach this bottom portion, and return it to your student's teacher. **Business donations due by *August 7, 2020.**
